FLOW

design by Jun Yasumoto

PT - Uma linha de cadeiras, leve e versátil, projetada como sendo a solução perfeita para uma ampla variedade de contextos.

EN - A light and versatile range of chairs, designed to be the perfect solution for a wide variety of contexts.

PT - A coleção FLOW é fabricada com matérias-primas de alta qualidade, recicláveis e amigas do ambiente. A cor “Grigio Caldo ECO” é feita de polipropileno reciclado 50% a partir de resíduos plásticos pós-consumo e 50% a partir de resíduos plásticos pós-industriais. Os resíduos plásticos pós-consumo provêm de produtos anteriormente utilizados pelos consumidores, como garrafas de plástico ou embalagens de alimentos. A componente industrial provém de resíduos de plásticos, contentores e películas de plástico.

EN - The FLOW collection is made from high quality, recyclable and environmentally friendly raw materials. The colour ‘Grigio Caldo ECO’ is made of polypropylene recycled 50% from post consumer plastic waste and 50% from post industrial plastic waste. The post consumer plastic waste comes from products previously used by consumers, such as plastic bottles or food packaging. The industrial component comes from waste plastics, containers and plastic films.
